

COOLIDGE WINS CALIFORNIA FROM HIRAM

IMMIGRATION BILL FIGHT WILL GO TO FLOOR OF SENATE

QUICK EXECUTION OF JAP EXCLUSION OPPOSED BY PRESIDENT.

JULY 1, TIME SET House and Senate Differences Ironed Out After Week of Deliberation.

Washington.—The administration fight against the immigration bill provision making Japanese exclusion effective July 1, will be carried to the floor of the senate and house when the bill comes up for final action.

President Coolidge informed congressional leaders today that he regarded the date set for the bill as too soon to permit of the diplomatic arrangement he wants to make with Japan, and steps were taken immediately afterward to line up those who sympathized with his view to oppose acceptance of the conference report.

The president favors March 1, 1924 as the effective date of the exclusion provision and he is hopeful that at least a delay of a few months beyond the date fixed by the conference finally will be agreed to by congress.

Two Changes Made As put into definite form and read to the senate by Senator McCallister, the president's proposal makes two changes in the language of the section barring from admission those aliens who are ineligible to citizenship—the exclusion section. After changing the effective date to Mar. 1, 1924, the suggested draft adds this provision:

"Provided, however, that the provisions of this paragraph shall not apply to the nations of those countries with which the United States, after the enactment of this act, shall have entered into treaties, by and with the advice and consent of the senate, for the restriction of immigration."

Two in Conference The proposal was read by Senator McCallister when he interrupted a speech by Senator Norris, republican, Nebraska, in which the latter charged that President Coolidge was "playing politics" on the eve of yesterday's republican primary in California.

The president today called into conference Chairman Johnson of the house immigration committee and Senator Ford, republican, Michigan, in charge of the immigration bill in the senate, in a final effort to obtain postponement of the effective date of the exclusion provision.

The various differences between the drafts approved by the two chambers were adjusted last night after more than a week of conference deliberation in which the administration was victorious.

REBELS ARE CRUSHED IN CUBAN STATE

It was said the situation in all provinces was quiet and that the movement in Oriente province had speedily come to naught.

ICE TIES UP 30 LAKE BOATS

Duluth.—Twenty-nine freighters and one passenger ship today comprise the ice-bound fleet of the head of the lakes. Twenty in-bound ships, including the steamer Huron, with a small passenger list, are stuck in the ice while 10 out-bound freighters are anchored in the harbor, unable to sail.

When It Comes to Driving In Drivers--

There's nothing like a Gazette "Help Wanted" ad!

Hanley and Murphy, North High street, discovered this when they put the matter of finding a chauffeur to drive their truck, up to a Gazette ad.

Their ad began "driving" immediately, and one day, inspection literally summed them up with replies so that it was easy for them to select just the type of a man they wanted from a sixty-five applicants who responded.

TROOPS GUARDDOOMED MEN ON WAY TO DEATH

New Orleans.—Six men sentenced to be hanged on Friday were taken from the parish prison here early today and started on their journey to Amite, Louisiana, where the executions will take place. They were escorted by a troop of national guard.

Leona Triles Suicide When Warden Remission awakened the condemned men to dress for the trip he found that Roy Leona of Brooklyn, N. Y., had stabbed himself five times with a three inch dirk. One of the wounds penetrated his lung and is regarded as serious.

Leona confessed to the slaying of John Schumacher, who attempted to rob him of a bank robbery at Independence, La., three years ago.

Natalie Deamores of New Orleans, who for more than a week has been acting insane, refused to dress and prison attendants put clothes on him while he fought them off.

Andrea Laminia of Chicago would not awaken at all today, but was taken from his cell. He had not taken off his clothes or cap for several days and was fully clothed.

Protest Innocence Joseph Giglio of Brooklyn, Joseph Boechio of Chicago and Joseph Rini of New Orleans marched from their cells protesting they were going to their death unjustly.

The men were handcuffed and shackled and marched to waiting patrol wagons which took them to the depot where they were placed on a train to begin the 69 mile trip. The soldiers, deputies and constables filled a special coach attached to a regular train.

The men will be held in the "banquet hall" until Friday noon, at which time the executions are scheduled to begin.

"SIX LIVES FOR ONE" IN LOUISIANA'S PROBLEM New Orleans.—Is it necessary to justice that six men die for the death of one?

These questions are occupying Louisiana, where justice meted out sentences of death to Joseph Giglio, Joseph Boechio, Joseph Rini, Andrea Laminia, Roy Leona and Natalie Deamores after Dallas Calmes was shot to death in the rear of his restaurant in Independence, La., early in the morning of Sunday, May 5, 1921.

Calmes was shot by one or more of a gang bent upon robbing the bank and the restaurant which the Calmes restaurant adjoined.

Within 24 hours of the crime Sheriff Leon Boden and his deputies arrested four members of the gang of six accused of the crime, in scattered sections of the parish. Rini and Laminia were tracked into a back yard, with the dogs and made to surrender. Boechio was arrested just across the parish line in Livingston as he was wandering about.

Washington.—James Martin Miller, who in a telegram quoted President Coolidge as saying he would "let the matter go," told the senate agriculture committee today that he had "corrected and truthfully" stated the facts in the message which he sent to the secretary within 25 minutes after an interview with the president.

The president, Miller said, did not deny the interview had taken place. Mr. Coolidge, he insisted, brought up the subject of Muscle Shoals.

The branding of the telegram as a lie is a gross political dissemination, he said.

Detroit.—Henry Ford will neither appear personally before the senate agricultural committee nor have a representative appear, he stated in a letter to Senator Norris, chairman of the committee.

Mr. Ford informed the senator that his offer had been before the committee for virtually two years, that it was in writing and that its terms were clear, definite and easily understood. He said it had been fully inquired into and explained and there was nothing further to be added.

In conclusion, the motor-manufacturer said his decision not to appear had been strengthened by "the recent effort of Senator Norris of the senate committee on agriculture to reflect upon the integrity of the president of the United States in connection with our offer for Muscle Shoals."

CLAN CANDIDATE FOR GOVERNOR OF INDIANA VICTOR

SECRETARY OF STATE IS GIVEN MAJORITY OVER FIVE OPPONENTS.

HIRAM SWAMPED President Coolidge Leads California Senator by Six to One Ratio.

Indianapolis.—President Coolidge's walkaway victory in the republican primary giving him 33 more votes in the national convention almost faded from the sight of political observers today with interest centered in the contest for the republican nomination for governor, which accounted the Ku Klux Klan issue.

Belated returns from the balloting yesterday failed to change the early stand.

Ed Jackson, secretary of state, running with Ku Klux Klan support, has far outstripped his five opponents for the gubernatorial nomination.

Money Payee of Indianapolis, who in doing so apparently has gained a substantial majority vote in making his selection binding on the state convention that meets late this month, Jackson's closest opponent, Mayor Lew Shank of Indianapolis, has avowed opposition of the Klan, was many thousands behind.

Coolidge's victory over his only opponent, Senator Hiram Johnson, secured certainly from the first returns and as his total mounted, providing the six to one ratio, with which he gained the edge at the start, interest turned to the governorship contest.

DRIVE TO CLEAR CALENDARS, PLAN OF CHIEF SOLONS

Washington.—Armed by the threat of democrats and insurgent republicans to hold congress in session during the national political convention in June, President Coolidge and republican organization leaders in the senate and house today re-consolidated their lines in an effort for an aggressive effort to clear the congressional calendars of important legislation.

The legislative program in general, and means of speeding up action was discussed by the president with republican leaders of the house at a breakfast conference and later with Senator Lodge of Massachusetts, the republican senate leader, and chairman of the senate finance committee.

The president went over with the republican house leaders the legislative situation in that body and the republican leaders of the house at a breakfast conference and later with Senator Lodge of Massachusetts, the republican senate leader, and chairman of the senate finance committee.

The house leaders attending the conference included Speaker Gillett, Representative Longworth of Ohio, the floor leader; Chairman Snell of the rules committee; Representative Rogers of Ohio; Chairman Green of the ways and means committee; Chairman Madden of the appropriations committee, and members of the republican steering committee.

DAUGHERTY SCORED BY BOSTONIAN FOR RAILROAD ACTION

Washington.—W. J. Burns, chief of the department of justice investigation bureau, told the senate Daugherty committee today that although he had assigned an agent to "shadow" Gaston D. Means, this man was not concerned in the disappearance of Means' various documents and diaries.

Conrad W. Crocker, Boston attorney for minority stockholders of the Boston and Maine, made his third appearance today before the senate Daugherty committee to testify.

Money Payee of Indianapolis, who in doing so apparently has gained a substantial majority vote in making his selection binding on the state convention that meets late this month, Jackson's closest opponent, Mayor Lew Shank of Indianapolis, has avowed opposition of the Klan, was many thousands behind.

Coolidge's victory over his only opponent, Senator Hiram Johnson, secured certainly from the first returns and as his total mounted, providing the six to one ratio, with which he gained the edge at the start, interest turned to the governorship contest.

The board, through a second resolution of Supervisor McGowan, ordered that the highway commissioner and District Attorney S. G. Dunwid, (Continued on Page 3)

RADICAL CHANGE IN POOR RELIEF

Proposals for Correcting Slipshod Methods Before County Board.

Radical changes on the county administration of poor relief will be adopted by the Rock county board this session if the recommendations of the special committee composed of L. A. Markham, chairman, W. L. Lathrop, and C. B. Christensen, former Relief supervisor, are adopted. General opinion is that the new system of handling the poor funds will go through.

The committee is of a year's standing and at the last meeting, March 21, they adopted a plan for a centralized office of poor relief, to be established in the Rock county farm, with entire responsibility and to abolish the office of poor commissioners in both of the two Rock county districts. Cullen would be empowered to appoint such aides as necessary.

"What we want is a plan along a constructive basis going to people who are in hard straits but willing to work and not granting of public money to needy persons who are idle and who are unwilling to work and save."

The changes suggested are along lines which have been in the Gazette have emphasized.

CHAMBER IN DEBATE OVER JAP OUSTER

Cleveland.—Japanese exclusion dominated several meetings of the United States Chamber of Commerce convention today, as vigorous debate began in a resolution from Pacific states regarding the exclusion clause in the immigration bill. ELKHORN'S harness racing program for the 1924 season stamps the Wisconsin county fair circuit as one of the outstanding organizations of its character in the state of Wisconsin. Five days of racing, \$14,200 in purses, with eight events carrying purses of \$1,000 each, is no mean undertaking. Such plans explain why the Elkhorn county fair is so popular and enjoys such a great attendance. There is a splendid variety of events listed for this season's meeting, promising excellent entertainment for the spectators, and which should prove attractive to the amusement. Elkhorn's winter fair, the success it deserves with a large entry and the fullest possible patronage.

"Well, I am certainly glad Sunday is over. I'm just tired out from doing nothing." That often was the announcement of dad when the old-fashioned Sunday of making around the house was the custom. It was the surest preparation for "Blue Monday" and the still for being a grocer.

AND NOW comes the time for the manager of each baseball team to include in his plans for the season sure methods for him to procure publicity. Accountants in the newspaper columns of a team's victory or defeat, and dope on schedules and coming games, is a vital aid in making a reputation for the team. The owners of the Elkhorn county fair are wide open to all teams. Managers can assist considerably by getting their write-ups in early. The earlier they are in the Gazette or the greater attention they can be given. A trick of the game is always to have as much dope as possible in the hands of the sports editor, looking to him to give out as much as is possible, under special conditions. The Gazette has special blanks for box scores, which are free for the asking.

Tennis Enthusiasm Here Brings Call for Courts

(Special to the Gazette)

Enthusiasm for tennis in Janesville is growing with the opening of the season and present indications point to more courts in this city this year than ever before. Several courts are already constructed and others are in an embryonic stage. With the increase in popularity of these sports, tennis, however, physical development of each individual, has come the great demand for golf and tennis participation in which is made more attractive because one and two persons only are required for competition.

At the present time there are six private courts in Janesville, these being those of Matt Reuter, the Chevrolet club, the Janesville Country club, the Janesville Electric company, the Wisconsin School for the Blind, and the W. C. A. These courts are concrete and the four others are clay.

With the passing of the Janesville tennis courts, has come a feeling among a group of players who were previously active in it, that other courts should be constructed. Some of these have interested themselves with Janesville in the building of two courts at Walker and Cornelia streets, and a movement is being made to have a court at the corner of Walker and Cornelia streets, and a movement is being made to have a court at the corner of Walker and Cornelia streets.

The court constructed by the Chevrolet club last year will undergo some changes to make it more favorable for playing, present plans being to move back the backstop, which are now too close to the back line, and also put up netting on the sides. Manager W. L. Schindler, this week typed out a letter to the Janesville Electric company at the power plant on Western avenue for the first time this season.

The court at the Country club, started in 1922, is expected to be finished this season and interest is being expressed in the building of a new court at the corner of Walker and Cornelia streets, and a movement is being made to have a court at the corner of Walker and Cornelia streets.

Providing an athletic field with tennis courts and a field for baseball and other sports has been a problem confronting the Y. W. C. A. for some time, and is not yet solved. Several lots have been considered, but nothing has been decided yet. The organization has a tennis club which last season fostered a tournament on the Y. W. C. A. courts in which a large number of girls were entered.

The advent of public tennis courts in Janesville is expected to come when improvements are made at Riverside park. With the exception of the improved courts at school playgrounds, the city has never had any public courts, but the experience of Janesville is expected to be like that of others, that where there are courts, there are always players to use them.
